

Bright Ideas in Health Awards 2024

Category: Innovation in Clinical Education

This category is open to organisations in the North East and North Cumbria

The category is open to individuals, teams or organisations that provide innovative teaching and learning methods, including the development of devices, platforms, solutions, and initiatives that raise education quality, in any health and social care setting, for any clinical learner.

Eligibility: This category is for any group of clinical learners regardless of which setting they work or are employed in. This category is not open to those who have been funded from or are employed by NHSE Education North East and North Cumbria (NENC) in any capacity or is a NHSE NENC or an NHS England national initiative.

Please ensure that you have developed your submission with all who were involved with the project, and appropriate credit is given.

This category is sponsored by **NHSE Education North East and North Cumbria**

The entry criteria for the **Innovation in Clinical Education** category are:

The Idea

1. Describe the unmet need or problem your educational intervention addresses
2. Describe your solution/education programme and how it works
3. What is the benefit of the idea over current methods or products used?

Evidence

5. What has the evaluation of your educational intervention shown?
6. Are you aware of any companies/organisations who offer similar products or services?
7. What has been the impact on patients or learners?

Development

8. Did you research best educational practice before you commenced the project?
9. Has your idea been discussed with others?
10. Describe any challenges that may need to be overcome to further develop and/or implement your educational intervention
11. Have any other people or organisations been involved with your idea?
 - i. If so, who and how?
12. Are you aware of anyone conducting research or trying to solve the same problem?
 - i. If so, who?
13. Should this idea go further; would you be prepared to invest time in its development?

Adoption and Sharing

14. Whilst innovation is undoubtedly important its value is strengthened by its ultimate adoption. How would you drive the adoption of your educational programme?
15. What structures are you aware of that could help you?

The deadline for entries is 31st July 2024
